

Stage 3: Revising

FOCUS ON THESIS QUALITY

- Make sure you have solid points that you can talk about throughout the entire paper.
- Make your topics clear and to the point.
- Make sure your topic sentences go with your thesis.
- Make sure your topics are in the same order as they appear in the paper.

MAKE SURE YOU DEVELOP MAIN IDEA

- Make sure your main idea is clear and to the point throughout the entire paper.
- Keep on topic and go on a tangent to other subjects.

CHECK YOUR QUALITY OF INFORMATION

- Any excess information that does not apply or help an argument with in your paper put on the side or take out.
- Make sure your examples flow smoothly through the paper and back up your thesis and you main idea.
- Make sure your examples also do not counter one another to make a solid argument.
