# Campus Update

- As of today we have 187 virtual – some are on COVID Protocol.
- We identified a need for additional support for our students both virtual and transitioning face to face. We utilized Title I funds to hire an additional bilingual person. This addition is a certified teacher. She is supporting both family engagement and instructional support. Initial focus is students missing work and not participating online.
- We are testing for Middle of the Year. Growth is evident in face to face students, virtual students still need to complete the assessment.
- February will be a focus on parent engagement and reading for the campus.
