# School Processes & Programs

## School Processes & Programs Summary

Through the guidance of our ROISD Curriculum and Instruction Department and our District Curriculum Coordinators, the Curriculum, Instruction, and Assessment focus at Red Oak Elementary is guided by the Texas Essential Knowledge and Skills and the results of our campus based and curriculum based assessments. We promote 21st Century Skills including critical thinking and problem solving; communication skills; creativity; and collaboration.

Assessment plays a major role in decision making and takes on many different forms at Red Oak Elementary. The campus is committed to moving away from using fill-in-the-blank or multiple choice assessments as their only assessment tools. Authentic assessments that allow students to demonstrate their learning through performance, products, and presentations on regular use. By ensuring all grade level skills are taught and that students learn them, Red Oak Elementary can demonstrate how the 21st Century Skills are being mastered. Campus level disaggregation depends on plotting of critical skills and expectations at the beginning of each formative assessment period based on analysis of student need and curricular expectations. Kindergarten, 1st Grade and 2nd Grade focus on TPRI, DRA2, campus/ district benchmarks, STAAR, and additional assessments throughout the school year. In the area of Mathematics, teachers implement Number Talks from Kindergarten to 5th grade and MAP growth assessment. Special courses and programs such as physical education, music, special education, dyslexia, and ELL instruction use the same standard of assessments as the grade levels of their students. Texas English Language Proficiency Assessment System (TELPAS) is a major assessment for ELL students. ROE will also utilize Lead4ward professional development to guide PLC collaboration throughout the school year.

All decisions regarding professional development, programs, and practices are based upon the needs of identified in this improvement plan.

Red Oak Elementary addresses behavioral and social-emotional needs through a combination of campus, classroom and administrative support. For the 2022-2023 school year, Red Oak Elementary had the highest number of referrals in of the elementary schools in the district with 503 total referrals for 134 students. As we move through the 2023-2024 school year, ROE will utilize a behavior tracker and classroom referrals to provide alternatives to the office referral.

## School Processes & Programs Strengths

Teachers utilize the district Year at a Glance and Instructional Focus Documents to design lessons that incorporate the TEKS on the appropriate level. Professional development is provided to include best practices and instructional strategies that will increase student dialogue and create a student centered classroom environment. Teachers will be utilizing Saxon Phonics during instruction and intervention time this year.

Teachers collaborate in PLC planning meetings. PLC teams review District Curriculum Based Assessments (CBA) based on Essential Standards identified by each grade level PLC to assess students before and after formal instruction to monitor growth and provide the appropriate level of challenge for each individual student. Students take CBAs online to allow for appropriate practice for STAAR. Students will use Chromebooks made available through the school district going 1-1 which will be included in 2nd grade this school year.

## Problem Statements Identifying School Processes & Programs Needs

**Problem Statement 1:** Red Oak Elementary had the highest number of office referrals in of the elementary schools in the district with 503 total office referrals for 134 students.
