

Red Oak Independent School District Extracurricular Code of Student Conduct as of the 2018-2019 school year

I. Extracurricular Activities

The term "extracurricular activities" means, without limitation, all interscholastic athletics, cheerleading, drill team, academic clubs, special interest clubs, musical performances, dramatic products, student government, and any other activity or group that participates in contests, competitions, or community service projects on behalf of or as a representative of the district. The term includes any non-curricular event and membership or participation in groups, clubs, and organizations recognized and approved by the District. All extracurricular activity participants are subject to the provisions of this Extracurricular Code of Conduct. Additionally, individual activities may have additional rules and requirements particular to such activities. A student's participation in a particular extracurricular activity is conditioned upon the student's compliance with the requirements and standards of behavior set forth in the individual extracurricular activity code of conduct, the Red Oak ISD Student Code of Conduct outlined in the Student Handbook, and the Red Oak ISD Extracurricular Code of Conduct.

II. Jurisdiction

Student participation in extracurricular activities is encouraged. Red Oak ISD makes extracurricular activities available as an extension of the regular school program, with this important difference: participation in the regular curriculum is a right afforded to each student, while participation in the extracurricular program is a privilege that carries additional expectations for acceptable conduct. Students engaging in extracurricular activities represent not only themselves, but also other students and the district when performing, competing, or participating in extracurricular activities and while wearing uniforms or other clothing that identifies the student to the community or public in any setting as Red Oak ISD students. For this reason, their behavior must be exemplary and reflect the finest attributes of the total Red Oak ISD student body **at all times and places**.

Important goals of the extracurricular activities are to give students direction in developing self-discipline, responsibility, pride, loyalty, leadership, teamwork, respect for authority, and healthy living habits.

Because participation in extracurricular activities is a privilege and not a right, Red Oak ISD is authorized to set higher standards for participants of extracurricular activities than it would for those students who choose not to participate in these activities. Therefore, this *Extracurricular Code of Conduct* will be enforced with all students grades 6th-12th participating in extracurricular activities:

- Regardless of whether school is in session;
- Regardless of whether the offense occurs on or off school property or at a school-related event;
- Regardless of whether the student is directly involved with the extracurricular activity at the time the prohibited conduct occurs;
- Regardless of whether the extracurricular activity is in-season; and
- Regardless of where and when the conduct occurs.

It is possible that a student who violates the *Red Oak ISD Student Code of Conduct* will incur consequences from both the appropriate school administrator and from his or her coach, director or sponsor for the same particular violation. However, the standards of the *Red Oak ISD Extracurricular Code of Conduct* are independent of the *Red Oak ISD Student Code of Conduct*, and therefore it is also possible that a student participating in extracurricular activities could violate the individual extracurricular activity's code of conduct and/or the *Red Oak ISD Extracurricular Code of Conduct* and be subject to discipline by a coach, director or sponsor without having violated the *Red Oak ISD Student Code of Conduct*.

III. Conduct Expectations

The following conduct is expected of all participants. Failure to meet these expectations can result in disciplinary action by the coach, director or sponsor:

- Student commitment to a team or organization is expected for the entire season or activity. Students are encouraged to participate in more than one extracurricular activity; however, students may not quit one sport or organization later than before the first contest (or other such activity), in order to participate in another while the sport or club that he or she quit is still active. If a student is involved in two activities at the same time, quitting one activity will not affect the student's status in the other activity.
- All students participating in ROISD extracurricular activities that require participation on team or other formal groups, such as athletics, cheerleading, drill team, etc., made a commitment to the team or group, their teammates and their school. Each program demands the dedication of time and energy of the student participant. Part of this commitment is to be a student first and strive for academic excellence. Another part of this commitment is to place the ROISD extracurricular team or group above participation in any non-school sanctioned activity and attend all practices, games, contests, or other organized group activities scheduled by ROISD coaches or sponsors.

Without prior written permission from a coach, director, or sponsor, if a student misses an ROISD extracurricular practice or other activity because of participation in an activity not under the direction of ROISD (non UIL extracurricular activities, such as club sports, etc.), the student may be suspended for one game, contest or other event. If a student chooses an outside activity over an ROISD activity for a second time, he/she may be released from the team or organization.

In addition, in the event a student misses an ROISD extracurricular contest, game or other such event to participate in an activity not under direction of ROISD, the student has chosen that activity over the ROISD activity and he/she may be released from the team or organization.

- Students who participate in extracurricular activities that involve competition among schools and school districts will conduct themselves in a sportsmanlike manner at all times. This includes behavior toward visiting teams or hosting teams as well as the opponent's fans. Red Oak ISD participants will be noted for clean, tough, competitive play. Students who fail to comply with this requirement are subject to punishment up to and including removal from the team or organization for a fixed or indefinite period, or permanently.
- Students who cannot be present for a practice, workouts, meeting, or event should contact the coach, director, or sponsor, as soon as they are aware that they will be absent. Missed practices, meetings, or workouts will be made-up; however, disciplinary action may still be taken if a participant is absent more than two times in a semester or is absent any time without good cause.
- Injured or ill students who are unable to participate should still attend practices, workouts, meetings, or events as required by the coach, director, or sponsor.
- Students are required to show respect at all times to coaches, directors and sponsors.
- Students should follow the rules promulgated in the *Red Oak ISD Student Code of Conduct*. Failure to do so may result in additional disciplinary measures related to the student's participation in extracurricular activities as determined by the coach, director or sponsor.
- Students in grades 9-12 who wish to participate in competitive, school-sponsored extracurricular activities must participate in the mandatory drug testing program. This program shall include comprehensive testing at the beginning of the school year and random testing throughout the school year. Board Policy states each student intending to participate in a competitive extracurricular activity shall be tested, at the parent's expense, at the beginning of the school year or when participation begins, as applicable. For example, any student wishing to participate in a group or organization that meets during the school day must test to be scheduled in the course associated with the activity. Any student participating in a group or organization that practices and/or competes outside of the school day and is not associated with a class during the school day must test prior to competition.

See Board Policy FNF (Legal) and (Local) for more information regarding drug testing.

IV. Prohibited Conduct and Disciplinary Action

In addition to obeying rules set forth in the ROISD Student Code of Conduct, the particular extracurricular activity's constitution, handbook, rule book, and/or regulations, if any, or rules otherwise communicated to the student by the activity's coach or sponsor, a student in grades 6 through 12 participating in any ROISD extracurricular activity shall comply with the *Extracurricular Code of Conduct* and will be disciplined as outlined below:

Nothing in this *Extracurricular Code of Conduct* limits the authority of a coach, director or sponsor to impose reasonable sanctions, including extra workouts or work, added training obligations or other minor sanctions for students who breach team or organization conduct expectations but do not engage in conduct prohibited by this *Extracurricular Code of Conduct*.

VI. Insurance

Red Oak ISD may choose to purchase or make available a limited amount of accident insurance to help cover specified expenses relating to injuries suffered by students participating in sports and other extracurricular activities. Such choice will be made by the Board of Trustees each year as a part of the budgetary process. However, the purchase of any such insurance does not operate as a waiver of the district's immunities from liability or damages for student injuries, nor does it imply any agreement by the district to assume any responsibility for such injuries or for expenses. Parents are strongly urged to make sure they have sufficient personal insurance to cover any expenses related to a student injury. Further information concerning student accident insurance may be found on the district website.

VII. Eligibility and Tryouts

All students are eligible, as long as they meet UIL requirements for eligibility and any addendums included for a specific sport or activity. To remain eligible, a student must be passing all classes and have acceptable conduct as outlined in the *Extracurricular Code of Conduct* and the Red Oak ISD Student Code of Conduct.

Tryout procedures and the calendar for the various extracurricular activities are determined by the individual activity directors in partnership with ROISD guidelines. Final approval of the individual extracurricular activity tryout procedures in each area will be given by the appropriate ROISD Administrator or designee. Upon completion of the tryout procedure for the extracurricular activity, the sponsor will notify all participants of their membership status. The results of tryout procedures are final and cannot be appealed.

VIII. Activities - Transportation

Students will ride school-provided transportation to and from *all* events. Exceptions will not be routinely granted, but are reserved for exceptional circumstances and unforeseeable emergencies. A student will only be released to a parent/guardian, and only after completion of a travel release form*, which will be submitted at least 24 hours in advance except in emergency situations. Exceptions will not be granted for convenience. Violations of this rule may subject students to disciplinary actions up to and including removal from the team or organizations.

*A travel release form may be obtained from the coach, director or sponsor.

If a student is representing Red Oak ISD in one activity, he/she may be transported to a second Red Oak ISD activity by parent/guardian with previous knowledge/consent by both coaches/sponsors.

IX. Fundraising and Booster Clubs

All students/athletes/participants are expected to raise funds for team or organization activities. Students engaged in fundraising activities are expected to promptly turn in all money (including checks) received as directed by the coach, director or sponsor. Students are responsible for safeguarding all funds in their possession, and may be required to reimburse the organization or team for any money lost or otherwise unaccounted for while in a student's possession. Students who fail to turn in all funds in a timely fashion may be subjected to disciplinary actions up to and including removal from the team or organization. Students should also be aware that retaining money that does not belong to the student may subject the student to appropriate sanctions under the Student Code of Conduct.

X. Social Media Policy

Red Oak ISD supports the student's rights to freedom of speech, expression, and association, including the use of social networks. As a student, you represent the school district and you are expected to portray yourself, your team/organization, your school and the school district in a positive manner both on and off campus through social media.

The following guidelines will be the standard for social media/networking use by all students who participate in extracurricular activities in grades 6-12 within the Red Oak ISD. Consequences for noncompliance will vary based on severity and frequency of violation.

All extracurricular students will refrain from posting, submitting, sending, or publishing inappropriate, slanderous, derogatory, sexually suggestive, sexually explicit, or any form of negative comments, photos, texts, etc. to any electronic, public or private entity which includes, but is not limited to: Facebook, Twitter, YouTube, personal email accounts, personal web pages, personal or private chat rooms, personal texting/cell phone accounts, etc. Sending any form of inappropriate (as determined by Red Oak ISD) photos, comments, etc. will not be tolerated regardless of who the intended recipient may be. Once inappropriate content is sent, consequences designated by the coach in conjunction with district administration will occur.

The student's parent or guardian must also sign an acknowledgement. The acknowledgement states that the signing party understands the consequences for engaging in prohibited conduct.

This Extracurricular Code of Conduct is in accordance with ROISD Board Policy FO(LOCAL).
